LEGEND

Point A. Prague-Cakovice Airfield /5009N-1431E/

1. Prague-Cakovice Factory Area: the Rudy Letov Aircraft Factory.
2. Grass Airfield Area: [] never saw this area used by any MIG-15's and considers it unsuitable for use by jet aircraft.

B. Prague-Letnany Airfield /5008N-1432E/

3. Building Area: Aviation Military Research Institute
/ See Encl. B/

3A: same as Encl. B, Pt. 1

3B: same as Encl. B, Pt. 3

4. Grassy Landing Area: of Prague-Letnany Airfield. This was used by the Aviation Military Research Institute. This area was in bad condition as the result of excessive use. The section delineated by dotted lines represents that part of the area most frequently used for landings and take-offs.
5. Building Area: [] does not know the exact number of buildings here. There was a large hangar /Encl. B, Pt. 12/ in this area in which old ME-109's and C-104's were completely overhauled.

5A. Gun Synchronization and Harmonization Area: /Encl. B, Pt. 11/6. Hangar Area: two large hangars /Encl. B, Pt. 9/C. Prague-Kbely Airfield

7. Building Area of Prague-Kbely Airfield
8. Runway Area of Prague-Kbely Airfield
